Friday, August 6

[Employment Situation Report](#) *

The monthly labor report is a broad-based indicator consisting of two separate but important surveys:

- The “establishment survey” samples more than 400,000 U.S. businesses presenting statistics on nonfarm payrolls, hours worked and hourly earnings.
- The “household survey” measures more than 60,000 households to show the total number of individuals out of work.
- Data released for July.
