Member FINRA/SIPC. An Advanced Equities Company.

All third party materials are the responsibility of their respective authors, creators, and/or owners. First Allied Securities, Inc. is not responsible for third party materials, and the information reflects the opinion of its authors, creators, and/or owners at the time of its issuance, which opinions and information are subject to change at any time without notice and without obligation of notification.

These materials were obtained from sources believed to be reliable and presented in good faith, nevertheless, First Allied Securities, Inc. has not independently verified the information contained therein, and does not guarantee its accuracy or completeness.

The information has no regard to the specific investment objectives, financial situation, or particular needs of any specific recipient, and is intended for informational purposes only and does not constitute a recommendation, or an offer, to buy or sell any securities or related financial instruments, nor is it intended to provide tax, legal or investment advice. We recommend that you procure financial and/or tax advice as to the implications (including tax) of investing in any of the companies mentioned.

At any time First Allied Securities, Inc. and its affiliates (or employees thereof) may have a long or short position, or deal as principal or agent, in relevant securities or provide investment banking services (such as acting as placement agent and/or underwriter), advisory services or other services to the issuer of relevant securities or to a company connected with an issuer, and thus we face an inevitable conflict of interest.

* **Potential Market Indicator**
* **Warrants Attention**

Monday, March 15

[Treasury International Capital \(TIC\)](#) *

The Treasury data tracks the flow of financial instruments (securities, agency securities, corporate bonds and corporate equities) into and out of the U.S. in February.

TIC data offers a measure of foreign demand for U.S. debt and assets.
